Terms & Conditions

By booking a consultation or enrolling in a monthly package, you agree to the following terms:

1. Program Commitment

- While we recommend a minimum of **6 months for optimal results**, all monthly Guided Metabolic Therapy packages require **an initial 3-month minimum commitment**. After this initial period, packages continue on a month-to-month basis and can be canceled with 7 days' written notice.

2. Communication Following Initial Consultation

- The Initial Consultation & Personalized Protocol includes one follow-up email for questions and clarifications. This email must be used within 7 days of receiving your personalized protocol.
- After this single follow-up, any further email communication will not be received or answered. To continue communication with Dr. Anane, you must enroll in one of the monthly Guided Metabolic Therapy packages or book a new Initial Consultation.

3. Payment and Package Cancellation

- Monthly payments are due in advance on the same date each month.
- Failure to complete the monthly payment by the due date will result in the automatic cancellation of your package and all associated benefits (e.g., call access, WhatsApp messaging, email support).
- If your package is canceled for non-payment and you wish to re-join, you will be required to book a new Initial Consultation and purchase a new package, starting the process from the beginning.

4. Rescheduling and No-Shows

- Appointments must be rescheduled or canceled with at least 24 hours' notice. Failure to provide timely notice for a scheduled call will be considered a "no-show," and the appointment will be counted as used without opportunity for rescheduling or refund..

5. Communication and Response Times

- For all monthly packages, please expect answers to your emails and WhatsApp messages within 48 business hours (Monday-Friday, excluding public holidays). The Priority and Intensive tiers may have certain communications escalated for faster turnaround on time-sensitive matters, as per their package descriptions.
